<b>Chapter 1: System Requirements .....</b>	<b>5</b>
1.1- Server Requirements .....	5
1.2- Workstation Requirements .....	6
1.3- Firewall and Security Settings.....	7

### Chapter 1: System Requirements

Before you install eeCentral Time / EBSTime, make sure your environment is properly configured to meet the following recommended system requirements.

eeCentral Time /EBSTime can be configured on a single server (both web and database on the same machine) or on two separate servers (separate web server and a database server). The suggested server requirements are the same in either configuration. Disk space requirements related to the database can differ based on company size

#### 1.1- Server Requirements

**Processor:**

- o x64 architecture-based computer with Intel processor that supports Intel 64 architecture
- o Four Cores
- o Minimum: 2.0 GHz

**Operating System (one of the following configurations):**

**Windows Server (Recommended 2019) Or Higher**

- o Microsoft Internet Information Services (IIS) web server 7.5 and higher
- o SMTP Service
- o [.NET](#) Framework 4.5
- o Latest version of Microsoft Edge/Chrome/Firefox
- o 64-bit processor

### SQL Server:

#### **SQL Server 2016 - Enterprise Edition (Recommended) or newer**

- Setup using mixed mode

#### **SQL Server 2016 - Standard (Minimum) or newer**

### System Requirements

**Note:** A Dedicated database server is not required. eeCentral Time /EBSTime database can be placed on an existing SQL Server provided. Microsoft .NET Framework 4.0 is required for eeCentral Time /EBSTime on the database server.

#### **RAM:**

- 16 GB minimum on Web server
- 16 GB on Database Server (more, if other databases reside on the server)
- Combined web and database server- 16 GB

#### **Disk Space:**

- The web application requires at least 50 GB of free disk space
- For the database server- at least 150 GB space is recommended

### eeCentral Time /EBSTime Installer:

- eeCentral Time /EBSTime Installer is available as a download from CTech (for customers)/PTech (for partners) websites

eeCentral Time /EBSTime Installer is also available on a CD-ROM/DVD ROM

\* Shipping charges applicable - call EBS at **303-991-3500** for details

## 1.2- Workstation Requirements

### **Processor:**

- Intel Pentium IV 2.4 (GHz) or higher Typically faster is better

### **Operating System:** (any of the following)

- Windows 10 Recommended
- Windows 7
- Windows 8

### **Web Browser:**

#### **Current version of**

- Microsoft Edge – latest version
- Chrome Latest version
- Firefox version 6 or higher
- Required monitor resolution XGA 1024 x 768 resolution or higher
